- Look your best but be comfortable

## DO NOT WEAR

# Don't get nervous

- Memorize your transcript
- Act like everything you're saying is true
- Your class doesn't care if you mess up
- NO ONE WILL KNOW IF YOU MESS UP UNLESS YOU MAKE IT KNOWN
- Be interactive but not hyper
- If you don't care about your presentation, neither will the graders
- Think about the graders
- This is their way of getting to know you as a researcher
