[sandy.crihfield@sarasotacountyschools.net](mailto:sandy.crihfield@sarasotacountyschools.net) I check my e-mail at least once a day but do not expect an immediate answer it will take 24 hours for a guaranteed reply. If you want me to preview an assignment or store a document you may use the Angel network or Blackboard to send it. At the same time e-mail the school e-mail address to tell me to look for it. I only look at the Angel network and Blackboard when something is due to grade or when you ask me to look at it. Make sure to put your full name and AICE American History in the subject line. All assignments need to be sent to the Angel network or handed in to me in person.

### **Assignment Instructions:**

The student will be responsible for the following assignments to complete the course.

#### **Source Assignment Instructions**

Find a source on one of the topics in the theme. It can be one of the following primary or secondary sources: song, video, book, speech, newspaper, document, poem, diary, encyclopedia reference, web site, or short story. Cite the source and then list ten facts you learned from the source. Then answer, with a partner if you wish, the following questions: What, when, why important, audience, context, and impact. Evaluate the provenance and reliability of the source. (This should be done in less than three

sentences.) The student cannot use the same source each time but must use a different source each time the assignment is completed. The assignment is worth 100 pts and will count 16.7% of the academic grade.

## Supplemental Reading Assignment Instructions

The student will read articles related to the themes that will be studied. After reading each article the student with a partner, if they choose, will list twenty-five important facts from the article. Then the student will answer the what, when, audience, why important, context, and impact. Then the students will discuss in 1 to 3 sentences the provenance and reliability of the author of the article. The assignment counts as 16.7% of the academic grade.

## “A” Type Question Writing Assignment

The student will take two (a) type questions examinations each nine weeks. This type of question tests knowledge and understanding. One will be a flip assignment at home and one will take place in the class room. The student will have one class period to prepare for the topic for the assignment. The assignment is to write an answer to an (a) type question in a timed 30 minute exam. The student will get an envelope with a question to answer. Without any aides of any type the student will answer the question. The choice of the question in the envelope is totally random. The student is not to communicate with other students as to their question. When the assignment is done at home the seal needs to be opened by a parent or guardian and a time and signature is required by the parent as to the time started and ended and that no study aides were used by the student. Time started and ended (30 minutes) will be recorded on the envelope with a parent signature. The two writing assignments each count 16.7% of the academic grade.

## Type "B" Writing Assignment

Once each nine weeks the student will be required to write a type “B” writing assignment. Type “B” questions are to test the ability of the student to: understand the question, recall and select relevant material, analyse and evaluate the material to reach a judgment, develop a focused, balanced substantiated argument, and to communicate the argument in a clear and effective way. The instructor will select an appropriate Cambridge question from the subthemes and the student will be required to write an essay in one class period (45 minutes). This is a necessary practice procedure to prepare for the AICE exam. The essay will count 33.2% of the academic grade.

**Employability Skills → According to school board policy, the following skills will be observed and recognized. The skills are: attendance, punctuality, bringing required materials to class, appropriate on task behavior, task completion, and displaying an attitude of cooperation. The employability component of the course is 20% of the course grade for each nine weeks. The student using a phone will receive one warning and the second time the phone is used without permission a 50% reduction of the employment grade will be made. The third occurrence will follow the same procedure. (If an employee broke a rule three times when explicitly told not to do something within 9 weeks they would be fired in most businesses.)**

## **Primary Resources for Supplemental Reading** → The student is required to read

additional material throughout the semester. (See full citations listed below) The readings will be available in the classroom, the library, and on the web. The articles will be read in the library, the Internet, or the classroom on the student's own time. The library sources may be copied on the library copier. The schedule of readings is attached and may be changed or added to throughout the semester.
