

## HOW TO START AN ESSAY

Divide into 5 groups of 5. Each group gets a topic. Their task is to write a question, create two facts, write a sentence of analysis, and a sentence of evaluation.

I Phones, Cars, Women, Men, Sports

**Step 1:** Write a question. You must ask a question with the following words: Is, Are, Do, Does

Do not use an either/or. If you need help beyond this. Click on the website and scroll down to paper 2 in the center column and click on the following links:

[Question Writing](#)

[How to write a good question \(PPT\)](#)

[How to choose if it is a good question for paper 2 or 3](#)

**Step 2:** Write a **reason** to answer your question. Use the computer and find **two facts** to support your reason.

Step 3: Write a sentence of analysis for the two facts you selected. When you write analysis you need to use analytical language or it is just descriptive. Click on the website and scroll down to paper 2 again and click on the following links: [Words of Analysis](#)

[Analysis vs Evaluation](#)

[Analysis from Erica](#)

**Step 3:** Write a sentence of Evaluation for the two facts. This connects the reason to the facts and makes a point. There are sample evaluative sentences on the website to help you with the sentence structure:
