Group Project #2 Plan

Day 1

- Discuss topics and select groups- Josh, Jonathon, Jamie, and Megan
- Look at discussion topics on the web and Gale Opposing Viewpoints
- Select roles and prepare logs

Day 2 -3

- Watch film on *Food, Inc*.

Day 4 -7

- Begin research – Read and note taking
- Text reading is required or article that is approved.
- View a video, everyone a different video.
- Research local, national, and international aspects of your topic; this must be documented.
- Each person a different research tool – maps, charts, graphs, vocabulary, annotated bibliography, images, outline or paraphrase articles.   Assign equal amounts of work to each. Captains collect and correlate work for the group.

 Day 8

- Discuss the issues in the topic and decide on one.

Day 9

- Discuss actions that can be taken. Formulate an action you plan to develop. It must be approved by the instructor.
- The plan, logs, research, and roles must be turned in to the instructor.

We will break for unit 5 and then return to product production.
