Scaffolding for paper 3 Format and Rubric

Rubric for Scaffolding

Question /Thesis (problem) with reasons– 10 pts.

Global – 10 pts.

References and citation – 10 pts.

Sarasota problem and where located – 5 pts.

Reason and 2 Examples for the problem– 5 pts. (2 times- 10 pts)

Analysis (Validity) of source – 5 pts. (2 times – 10 pts.)

Analysis and evaluation of content – 5 pts. (2 times – 10 pts.)

Reflective Conclusion of the problem – 5 pts.

Solutions and examples (local and global) – 5 pts. (2 times – 10 pts.)

Analysis of source and content of solutions – 5 pts. (2 times – 10 pts.)

Reflective conclusion of problem with solutions and why you think it will help solve the problem - 10 pts.

Scaffolding Format

1. Write the question
2. Write thesis (problem) with reasons
3. Write why it is a local problem in Sarasota and where Sarasota is located.
4. List one reason it is a problem (local or global)
   a) List one example (quote or data)
   b) (in body citations) with the quote
   c) Write an analysis of the source (positive only)
   d) Write an analysis of the content reaching a content evaluation
5. List second reason this is a problem (local or global)
   a) List one example (quote or data)
   b) (in body citations) with the quote
   c) Write an analysis of the source (positive only)
   d) Write an analysis of the content reaching a content evaluation
6. Write a reflective conclusion of the thesis with reasons (problem)
7. List one solution to the problem (local or global) (MEDCs and LEDCs)

a) List one example (quote or data)

b) (in body citations) with the quote

c) Write an analysis of the source (positive only)

d) Write an analysis of the content reaching a content evaluation

7. List a second solution to the problem (local or global) (MEDCs and LEDCs)

a) List one example (quote or data)

b) (in body citations) with the quote

c) Write an analysis of the source (positive only)

d) Write an analysis of the content reaching a content evaluation

8. Write a reflective recap of your perspective with the problems locally and globally with solutions and why you think this will help solve the problem.

9. References
